THIRTEENTH YEAR. NO. 138. EAST LIVERPOOL, OHIO, WEDNESDAY, NOVEMBER 17, 1897. TWO CENTS

NEW POWER TO FOSTER

Will Negotiate on All Differences With Canada.

THE SEAL CONFERENCE ENDED.

At the Canadians' Request, No Action Was Taken on Pelagic Sealing—They Desire to Settle All Matters of Difference at the Same Time.

WASHINGTON, Nov. 17.—The Bering sea meeting, in which representatives of Great Britain, Canada and the United States have participated, has come to a close, the seal experts making a unanimous report concerning the condition of the seal herds and the diplomatic representatives of the respective governments reaching an understanding by which they hope, at a later day, to effect final adjustment, not only of the Bering sea question, but of other pending border controversies.

For the present, however, no final action was taken as to the suspension of pelagic sealing. The Canadians urged that other questions be embraced in any plan of settlement and suggested an international commission to accomplish this end. This proposition was fully discussed and an agreement reached that the Canadian officials would put their views in writing after returning to Ottawa and submit them to the authorities here. All parties concerned say that the outlook is favorable to a satisfactory adjustment.

The unanimous agreement of the experts brings the governments together for the first time on all the facts relating to the seals. This agreement was reached after painstaking comparison of notes and the results were announced in an official statement by General Foster, as follows:

"The delegates to the fur seal conference have agreed unanimously on certain propositions touching the fur seal herds of Bering sea. The report contains 16 propositions, which are briefly epitomized as follows:

That the Pribyloff herd has declined in numbers from 1884 to 1887; that the number was formerly three to five times that which now exists; that the death rate among pups is great, not more than one-half to one third surviving to the age of three years; that the number of breeding females in 1896 and 1897 was between 160,000 to 130,000; that the decrease from 1896 to 1897 was notable, though its extent could not be definitely determined; that land killing of males, as now practiced, does no harm to the herd; that the pelagic sealers respect the limitations of the law; that pelagic sealing involves indiscriminate killing; that the catch at sea contains a marked excess of females; that the killing of males on land is the cause of this; that among the females killed are not only those both nursing and pregnant, but also many who are immature, or who have already lost their pups; that the fur seal being polygamous, a large number of males may be killed with impunity; that females cannot be killed in similar numbers without checking the increase of the herd, or bringing about an actual decline; that a small number of females, less than the annual increment of breeders, might be taken without producing actual decrease; that excessive pelagic sealing has led to a reduction in the herd; that pelagic sealing has of late fallen off in greater ratio than the herd has, this producing a tendency toward equilibrium in numbers; that in estimating the future conditions of the herd must be taken into consideration, reductions in the number of surviving pups caused by the pelagic catches of 1894-1895; that the herd is not in danger of actual extermination so long as its haunts on land are protected and the protected zone is maintained; that both land and sea killing now yield an inconsiderable profit either to the lessees or to the pelagic sealers themselves.

The agreement is signed by the experts.

Following the agreement of the experts, the diplomatic officials assembled at General Foster's house to discuss the larger question of putting an end to pelagic sealing and of settling other border controversies. Owing to the continued illness of Sir Julian Pauncefote, who is confined to his room, the British government was represented by the first secretary of the British embassy, Mr. Adam. Sir Wilfrid Laurier and Sir Louis Davies were present in behalf of Canada. General Foster's powers had been materially enlarged since the coming of the Canadian officials, for as a result of the long and friendly talk between Sir Wilfrid and Secretary Sherman, the latter had written to the Canadian premier stating that the president had empowered General Foster to treat on the various border questions which Sir Wilfrid had called to the attention of Mr. Sherman, and, with the co-operation of the British government, to conclude treaties covering these subjects. This gave the meeting a broad significance.

During the three hours it lasted the entire range of border affairs was discussed. Primarily the purpose of the meeting was to secure an agreement on Bering sea. The Canadians made it clear, however, that they wished any plan of settlement to take a broader scope than the one subject of Bering sea, and to embrace the many sources of friction along the border.

In this connection the plan of an international commission was discussed at great length. The Canadians felt that the commission afforded the best means of reconciling all differences and of opening the way to reciprocity.

The discussion was of the most friendly nature throughout and no sharp differences were allowed to crop out. It was felt, however, that the plan of a commission was too large a question for immediate determination. A final understanding was reached, therefore, that the Canadian proposition should be reduced to writing, as a basis for further negotiations. This closed the conference and the officials said their farewells, expressing satisfaction in the cordial feeling which had characterized the meetings of the last ten days.

Sir Wilfrid and Sir Louis left at 10 o'clock this morning for Ottawa.

RUSSIA EXPORTING WHEAT.

The Shortage Evidently Not So Great, Foreign Crops.

WASHINGTON, Nov. 17.—The agricultural department has issued its monthly review of the foreign crop situation. Much attention is devoted to the grain crop of Russia, especially wheat on account of its magnitude as a factor in the European supply. After quoting many dispatches, painting the crop situation in various provinces in very black colors and the statements of our consul at Odessa that this year's crop has proved a failure, the review calls attention to the fact that since harvest Russia has exported grain "very freely."

It is generally understood that Russia had large stocks of wheat left over from the crops of the preceding year, and this fact, coupled with the good prices which have prevailed, may account for the large exports which have taken place, even though the crop failure in large parts of Russia has been extremely serious.

The preliminary official figures for France show a reduction of 26 per cent below 1896 and 17 per cent below the average for ten years. As for five years France and Russia produced 26 per cent of the world's crop the review says a heavy shortage in both countries would, therefore, be sufficient in itself to produce a very sensible effect on the world's supply, independent of the short crops in Austria-Hungary, the Danubian and Balkan countries and elsewhere and the shortness of the last crop in India, Australasia and Argentina.

In Germany, rye, which is the principal bread grain of that country, is officially estimated at 4 per cent less than last year's crop. The various estimates for Austria-Hungary are more or less conflicting, but there is no doubt as to there being a heavy deficit in the wheat crop.

The wheat crop of the United Kingdom is estimated at 50,700,000 bushels.

The prelimiminary estimate of the Italian wheat crop makes in 85,131,000 bushels, against 144,722,700 bushels last year. The Roumanian wheat crop is estimated at $37,134,720 bushels. The Bulgarian wheat crop is estimated 40 per cent, rye at 35 to 40 per cent and barley at 25 per cent less than last year.

The wheat crop of Turkey has been estimated at 50,800,000 imperial bushels.

As regards crops now growing in the southern hemisphere, the news continues to be favorable on the whole.

MRS. KETCHAM'S DEMAND.

She Succeeded In Having Inquest Over Her Husband's Body Hurried.

CHICAGO, Nov. 17.—There was a dramatic scene while the enquiry into the death of John B. Ketcham was in progress at the Indiana avenue home of Mrs. Mabel Estella Wallace, who claims to be his widow. But two witnesses had been examined by the deputy coroner and statement of the two attending physicians submitted when it was announced that, owing to the inability of the chemist to complete the analysis of the stomach of the deceased, the inquest would be adjourned for a week. This brought Mrs. Wallace to her feet in an instant. She demanded an immediate investigation, which was granted, the case being continued until Friday.

Mr. Ketcham will be buried in the family lot at Toledo. What promised to be a difficulty between Mrs. Wallace and his relatives has been averted. Mrs. Wallace turned her alleged husband's body over to his brother, George H. Ketcham, who left with it for Toledo. A funeral service was held at Mrs. Wallace's residence, on Indiana avenue, by Dr. Burch, pastor of the South Park Avenue Methodist church.

Within a half dozen days the will of Mr. Ketcham will be filed for probate and it is intimated that the contest which this step will undoubtedly produce may lead to one of the hardest legal battles ever waged in the courts, though the stakes are not so high as they have been in more notable cases. At the coroner's inquest George H. Ketcham evinced great disinclination in his evidence to admit that the dead man had a lawful wife living at the time of death. He hinted at some weakness of mind. Efforts will be made to show, so it is stated, that Ketcham was unduly influenced at the time of drawing the will two weeks ago, by the terms of which his whole property was given to Mrs. Ketcham or Wallace.

Former Turkish Consul Sentenced.

BOSTON, Nov. 17.—Joseph A. Iasigi, formerly Turkish consul in this city, who was arrested in New York last summer charged with the embezzlement of large sums from trust funds held by him and who was recently found guilty in the Suffolk county superior court, has been sentenced to serve a term of not more than 18 or less than 14 years in state's prison, with one day solitary confinement and the rest of the term at hard labor.

CLAIMING TWO CITIES.

Ohioans Say They Own Minneapolis and St. Paul.

PRIOR TITLE TO 7,000,000 ACRES.

They Lay Their Case Before Commissioner Hermann—General Land Office Will Assist Them as Much as Possible. Basis of Their Claim.

WASHINGTON, Nov. 17.—An immense claim, embracing 7,000,000 acres of land in the northwest and including the cities of Minneapolis and St. Paul, has been brought before Commissioner Hermann of the general land office and the assistance of the government in securing official data was called for.

The claimants are C. B. Holloway of Holland, O., and A. U. Gunn of Maumee, O. They are now making an examination of the general land office records with a view to securing copies of certified papers, which they assert will establish their title to the lands claimed by them. Their ancestor, through whom they claim title, was Jonathan Carver, an Englishman, a well-known explorer in the last century.

Carver lived among the Indians of the northwest, mostly in what is now Minnesota and Wisconsin, and for a time he was adopted by some of the tribes, including the Seminoles, who made him chief, and, for valuable services rendered, it is claimed by the heirs, presented him the vast tract. They assert that this tribal act was ratified, both by King George III and the Continental congress.

Gunn claims as great grandson of Carver and Holloway's wife is the great granddaughter. A representative of the heirs had a long interview with Land Commissioner Hermann, in which their contentions were explained. The department will render whatever assistance is possible in the way of securing information.

The case was presented to the land office by George P. Rose of Michigan, who claims as heir through Captain Levi Thayer, who purchased a portion of the tract from Jonathan Carver by deed. President Monroe, on April 23, 1822, sent a message to congress regarding the claim of Carver about the falls of St. Anthony, and three years later the committee on private land claims of the house made an adverse report. The grant, according to papers filed, was made by two chiefs of the tribe on May 1, 1767.

A THIEF TURNED FREE.

Proved He Stole Because Destitute—Jury Bought Him Clothing.

CINCINNATI, Nov. 17.—The grand jury of Campbell county, Ky., did a queer thing at Newport. The case of Charles W. Shotwell, aged 17 years, was heard for housebreaking. The boy had been in jail three months. He was in rags and almost barefoot when brought before the grand jury. He said his parents died years ago and he was without home or friends.

Driven to desperation he joined an older person in attempting to break into a house. The other party escaped. Shotwell concealed nothing and his story was corroborated. The jury returned no indictment, but made up a purse for him and also procured new clothing and started the lad out with promises of leading a better life.

May Extend Road Eastward.

FINDLAY, Nov. 17.—The general offices of the Findlay, Fort Wayne and Western railroad have been removed from Fort Wayne to this city. It is believed that the change is for the purpose of placing the officers, where they can oversee the work of extending the road eastward. John Jacob Astor, president of the road, will be here in a few days to make an inspection of the road and outline the plan of work on the extension, which is to connect with eastern roads and thus make a new route across the state.

Victims of Natural Gas.

CHILLICOTHE, Nov. 17.—James Orr has been killed by suffocation from natural gas in a regulator vault here. He and two others were repairing it when a leak started accidentally. One companion, James Minnery, is dying from the same cause, while Superintendent S. H. Clark of the National Gas company, who was also present, is the only one able to talk and for whose recovery there is hope.

Shipherd's Answer to Robison.

CLEVELAND, Nov. 17.—John J. Shipherd has filed an answer in the suit of Frank LeHaas Robison to recover an amount of $1,100,000. He does not admit a single allegation in Robison's petition, and asks that the receiver appointed be discharged. In the suit against the Little Consolidated Railway company he thinks that Robison should amend it to sue M. A. Hanna and J. B. Hanna personally.

A Telephone Manager Suicides.

MASSILLON, Nov. 17.—Nathaniel S. Johnson, manager of the Central Union Telephone company, killed himself in his office by shooting himself in the mouth with a big revolver. His head was shattered. Johnson left a letter, in which he said he was threatened with blindness and had nothing to live for.

TWO WICKED ONES

Were Disposed of by Mayor Gilbert Today.

Two offenders were before the mayor this morning. Both were allowed to go with the usual fine.

Yesterday afternoon Officer Earl arrested Joe Kennedy at the corner of Sixth and Broadway for being drunk. He was taken to the coop in the wagon, and was fined $14.60.

Officer Whan while walking out Lisbon road, last night, saw Bill Downard on the edge of the road. A portion of his body was hanging over the precipice, and had the officer not seen him at the time Bill would have gone over the hill and been killed. The wagon was called, and the unfortunate was wrapped in blankets and taken to jail. When going in jail he called the officer all sorts of names, and became very abusive. He was fined $7.60.

NO BUSINESS

Was Transacted at the Stock Exchange Today.

There was a large attendance at the stock exchange this morning, and the following quotations made up the result:

	Bid.	Asked.
Land Improvement	.....	42½
East End Land Co.	.....	22½
First National	150	.....
Potters' National	110	.....
Citizens' National	100	.....
Electric Light	15	22½
Electric Light, 80 shares at par, in whole or part	.....	25
Bridge	.....	30
Union Pottery	90	100
Pleasant Heights	25	30

Two $500 6 per cent mortgages were offered at par.

A GOOD PRICE.

Wagner Wants Money For Pitcher Winnie Mercer.

Earl Wagner, of the Washington base ball club, has offered to sell Selbach and Mercer for the modest sum of $18,000, but it is hardly probable that any team will accept the offer.

The Washington team has never yet set a price upon Mercer individually, but has offered him with other players at prices anywhere from $15,000 to $25,000. He is a valuable man to the club and it is doubtful if $10,000 could purchase him.

A Funeral.

The funeral of Miss Mamie Souder, who died last Sunday, took place this afternoon at 2 o'clock. Services, conducted by Reverend Huston, were held in the First M. E. church, and were largely attended. There were many floral offerings. One of the largest designs was sent by the Epworth League of which deceased was a member. Interment was made in Riverview.

Thrown Off a Car.

Last evening a drunken man was put off a street car at the Horn switch. The man boarded the car at the Diamond, and was very noisy, when the motorman told him to keep quiet. When Seventh street was reached he walked up to the front of the car and began to pound on the door, shaking his fist at the motorman and cursing, which ended in him being thrown off the car into the mud.

The People Going West.

It was learned this morning that no less than 10 Liverpool people would leave for California about Christmas.

As a result S. A. Myers, of the Union Pacific, A. E. McEloud, of the Rock Island, and Charles Tavers, of the Chicago and Northwestern roads, were in the city today after the business. While here they were guests of Agent Adam Hill.

The Concert.

A large audience heard the Kunits company at the Young Men's Christian association last evening, and were well pleased with the entertainment. The music of the quartet was especially good, and the singing of Miss Damian was loudly applauded. Every number of the program was enthusiastically encored.

Closed a Contract.

A. M. Marshall, of Pittsburg, was in the city yesterday evening and closed a contract with the Knowles, Taylor & Knowles company for the erection of an elevator in the new Buckeye addition.

Some of the Sick.

Perry Rigby, who has been dangerously ill with blood poisoning, is slowly improving, but is not yet out of danger.

Miss Mamie Driscoll, of Ridgeway avenue, is seriously ill.

BAPTIST MINISTERS.

Tneir Congress In Session at Chicago.

PROMINENT THEOLOGIANS PRESENT

Various Subjects of Much Interest to the Members of the Church Discussed by Noted Ministers—Rev. Dr. Johnston Myers Welcomed the Delegates.

CHICAGO, Nov. 17.—The fifteenth annual session of the Baptist Congress of Ministers is being held at Immanuel Baptist church, Michigan avenue and Twenty-third street. Many of the ablest ministers and theologians of the Baptist church of the United States are in the city and will take part in the discussions of the congress.

When the congress was convened Rev. Johnston Myers, D. D., pastor of Immanuel church, made a speech of welcome to the visiting clergymen and was followed by Judge Henry V. Freeman. Rev. Adin A. Kendrick, D. D., of St. Louis, president of the congress, responded and then the work of the first day was taken up. The subject was: "Are the Teachings of the Apostles of Equal Authority With Those of Christ."

Prof. E. D. Burton, D. D., of the University of Chicago, and Dean W. P. McKee of the Francis Skinner academy, Mt. Carroll, Ills., read papers in which this question was discussed. Then came addresses by the two appointed speakers. They were Prof. Rush Phees of Newton Theological institute of Massachusetts and Prof. C. A. Williams of Denison university, Ohio.

Last evening the theologians discussed the question: "Is baptism a prerequisite to the Lord's supper?" The writers who read papers on the question were: C. B. Eager of Montgomery, Ala., and O. P. Gifford, D. D., of Buffalo. Rev. P. S. Henson of Chicago and Rev. R. H. Conwell, D. D., of Philadelphia were the opposite speakers.

JOHN ROWE'S VIEW.

What He Thinks of the Tiltonville Pottery.

Ex-councilman John Rowe, formerly of this city but now of Zanesville, is in the city on business.

Mr. Rowe is one of the stockholders of the Tiltonville pottery which made an assignment a short time ago, and when asked what they proposed to do in the matter said:

"As far as I am concerned I will do nothing. It would have been better for me if this had happened three years ago."

Mr. Rowe is at present connected with the Zanesville Tile works, and reports business in a flourishing condition. The factory is working over time and has plenty of orders ahead.

Two Cases in Court.

James McMillen has entered suit against W. H. Prior for $10.50, claimed due for coal.

The case of Dodds versus Rinehart & Harmell, for $203.75, will be tried tomorrow afternoon to a jury in the court of Squire Manley.

Sent Him Home.

Officer Terrence this morning was called to remove a drunken man who was sleeping at the head of the Grand Opera house steps. The sleep had sobered the man to a considerable extent and he was sent home.

The Annual Ball.

The American Flint Glassworkers union will hold their annual ball next Wednesday evening.

PERSONAL MENTION.

—David Devine was in Pittsburg today.

—J. W. Irwin left this afternoon for Akron.

—Harry Wyllie was in Toronto today on business.

—Dr. O. P. Andrews was a Lisbon visitor today.

—Miss Lizzie Wilson and Miss Anna Hilbert were in Pittsburg on business.

—Mrs. Reinartz, of Jackson, left at noon today for a few weeks' stay in Beaver, Pa.

—Mrs. Thomas McCann, Sixth street, accompanied by her daughter, Sophie, left yesterday for Wellsburg on a visit to her sister, Mrs. Reeves.

—Mrs. George Matheney and son Dale arrived home last night from a three-weeks' visit to friends in Pittsburg and vicinity. Miss Clara Pitcairn, of Morganza, accompanied Mrs. Matheney, and is her guest.

The boy had been in jail three months. He was in rags and almost barefoot when brought before the grand jury. He said his parents died years ago and he was without home or friends.

Driven to desperation he joined an older person in attempting to break into a house. The other party escaped. Shotwell concealed nothing and his story was corroborated. The jury returned no indictment, but made up a purse for him and also procured new clothing and started the lad out with promises of leading a better life.

May Extend Road Eastward.

FINDLAY, Nov. 17.—The general offices of the Findlay, Fort Wayne and Western railroad have been removed from Fort Wayne to this city. It is believed that the change is for the purpose of placing the officers, where they can oversee the work of extending the road eastward. John Jacob Astor, president of the road, will be here in a few days to make an inspection of the road and outline the plan of work on the extension, which is to connect with eastern roads and thus make a new route across the state.

Victims of Natural Gas.

CHILLICOTHE, Nov. 17.—James Orr has been killed by suffocation from natural gas in a regulator vault here. He and two others were repairing it when a leak started accidentally. One companion, James Minnery, is dying from the same cause, while Superintendent S. H. Clark of the National Gas company, who was also present, is the only one able to talk and for whose recovery there is hope.

Shipherd's Answer to Robison.

CLEVELAND, Nov. 17.—John J. Shipherd has filed an answer in the suit of Frank LeHaas Robison to recover an amount of $1,100,000. He does not admit a single allegation in Robison's petition, and asks that the receiver appointed be discharged. In the suit against the Little Consolidated Railway company he thinks that Robison should amend it to sue M. A. Hanna and J. B. Hanna personally.

A Telephone Manager Suicides.

MASSILLON, Nov. 17.—Nathaniel S. Johnson, manager of the Central Union Telephone company, killed himself in his office by shooting himself in the mouth with a big revolver. His head was shattered. Johnson left a letter, in which he said he was threatened with blindness and had nothing to live for.

TWO WICKED ONES

Were Disposed of by Mayor Gilbert Today.

Two offenders were before the mayor this morning. Both were allowed to go with the usual fine.

Yesterday afternoon Officer Earl arrested Joe Kennedy at the corner of Sixth and Broadway for being drunk. He was taken to the coop in the wagon, and was fined $14.60.

Officer Whan while walking out Lisbon road, last night, saw Bill Downard on the edge of the road. A portion of his body was hanging over the precipice, and had the officer not seen him at the time Bill would have gone over the hill and been killed. The wagon was called, and the unfortunate was wrapped in blankets and taken to jail. When going in jail he called the officer all sorts of names, and became very abusive. He was fined $7.60.

NO BUSINESS

Was Transacted at the Stock Exchange Today.

There was a large attendance at the stock exchange this morning, and the following quotations made up the result:

Two $500 6 per cent mortgages were offered at par.

A GOOD PRICE.

Wagner Wants Money For Pitcher Winnie Mercer.

Earl Wagner, of the Washington base ball club, has offered to sell Selbach and Mercer for the modest sum of $18,000, but it is hardly probable that any team will accept the offer.

The Washington team has never yet set a price upon Mercer individually, but has offered him with other players at prices anywhere from $15,000 to $25,000. He is a valuable man to the club and it is doubtful if $10,000 could purchase him.

A Funeral.

The funeral of Miss Mamie Souder, who died last Sunday, took place this afternoon at 2 o'clock. Services, conducted by Reverend Huston, were held in the First M. E. church, and were largely attended. There were many floral offerings. One of the largest designs was sent by the Epworth League of which deceased was a member. Interment was made in Riverview.

Thrown Off a Car.

Last evening a drunken man was put off a street car at the Horn switch. The man boarded the car at the Diamond, and was very noisy, when the motorman told him to keep quiet. When Seventh street was reached he walked up to the front of the car and began to pound on the door, shaking his fist at the motorman and cursing, which ended in him being thrown off the car into the mud.

The People Going West.

It was learned this morning that no less than 10 Liverpool people would leave for California about Christmas.

As a result S. A. Myers, of the Union Pacific, A. E. McEloud, of the Rock Island, and Charles Tavers, of the Chicago and Northwestern roads, were in the city today after the business. While here they were guests of Agent Adam Hill.

The Concert.

A large audience heard the Kunits company at the Young Men's Christian association last evening, and were well pleased with the entertainment. The music of the quartet was especially good, and the singing of Miss Damian was loudly applauded. Every number of the program was enthusiastically encored.

Closed a Contract.

A. M. Marshall, of Pittsburg, was in the city yesterday evening and closed a contract with the Knowles, Taylor & Knowles company for the erection of an elevator in the new Buckeye addition.

Some of the Sick.

Perry Rigby, who has been dangerously ill with blood poisoning, is slowly improving, but is not yet out of danger.

Miss Mamie Driscoll, of Ridgeway avenue, is seriously ill.

BAPTIST MINISTERS.

Tneir Congress In Session at Chicago.

PROMINENT THEOLOGIANS PRESENT

Various Subjects of Much Interest to the Members of the Church Discussed by Noted Ministers—Rev. Dr. Johnston Myers Welcomed the Delegates.

CHICAGO, Nov. 17.—The fifteenth annual session of the Baptist Congress of Ministers is being held at Immanuel Baptist church, Michigan avenue and Twenty-third street. Many of the ablest ministers and theologians of the Baptist church of the United States are in the city and will take part in the discussions of the congress.

When the congress was convened Rev. Johnston Myers, D. D., pastor of Immanuel church, made a speech of welcome to the visiting clergymen and was followed by Judge Henry V. Freeman. Rev. Adin A. Kendrick, D. D., of St. Louis, president of the congress, responded and then the work of the first day was taken up. The subject was: "Are the Teachings of the Apostles of Equal Authority With Those of Christ."

Prof. E. D. Burton, D. D., of the University of Chicago, and Dean W. P. McKee of the Francis Skinner academy, Mt. Carroll, Ills., read papers in which this question was discussed. Then came addresses by the two appointed speakers. They were Prof. Rush Phees of Newton Theological institute of Massachusetts and Prof. C. t. Williams of Denison university, Ohio.

Last evening the theologians discussed the question: "Is baptism a prerequisite to the Lord's supper?" The writers who read papers on the question were: G. B. Eager of Montgomery, Ala., and O. P. Gifford, D. D., of Buffalo. Rev. P. S. Henson of Chicago and Rev. R. H. Conwell, D. D., of Philadelphia were the opposite speakers.

JOHN ROWE'S VIEW.

What He Thinks of the Tiltonville Pottery.

Ex-councilman John Rowe, formerly of this city but now of Zanesville, is in the city on business.

Mr. Rowe is one of the stockholders of the Tiltonville pottery which made an assignment a short time ago, and when asked what they proposed to do in the matter said:

"As far as I am concerned I will do nothing. It would have been better for me if this had happened three years ago."

Mr. Rowe is at present connected with the Zanesville Tile works, and reports business in a flourishing condition. The factory is working over time and has plenty of orders ahead.

Two Cases in Court.

James McMillen has entered suit against W. H. Prior for $10.50, claimed due for coal.

The case of Dodds versus Rinehart & Harmell, for $203.75, will be tried tomorrow afternoon to a jury in the court of Squire Manley.

Sent Him Home.

Officer Terrence this morning was called to remove a drunken man who was sleeping at the head of the Grand Opera house steps. The sleep had sobered the man to a considerable extent and he was sent home.

The Annual Ball.

The American Flint Glassworkers union will hold their annual ball next Wednesday evening.

PERSONAL MENTION.

—David Devine was in Pittsburg today.

—J. W. Irwin left this afternoon for Akron.

—Harry Wyllie was in Toronto today on business.

—Dr. O. P. Andrews was a Lisbon visitor today.

—Miss Lizzie Wilson and Miss Anna Hilbert were in Pittsburg on business.

—Mrs. Reinartz, of Jackson, left at noon today for a few weeks' stay in Beaver, Pa.

—Mrs. Thomas McCann, Sixth street, accompanied by her daughter, Sophie, left yesterday for Wellsburg on a visit to her sister, Mrs. Reeves.

—Mrs. George Matheney and son Dale arrived home last night from a three-weeks' visit to friends in Pittsburg and vicinity. Miss Clara Pitcairn, of Morganza, accompanied Mrs. Matheney, and is her guest.

EXIT OF A. P. GORMAN.

SENATE WILL LOSE ONE OF ITS PICTURESQUE FACTORS.

His Lifetime In Office—Forty-seven Years Out of Sixty In Public Service—His Total Salary Has Been $150,000—A Millionaire by Repute.

Gorman's defeat in Maryland will remove a picturesque factor from the senate. He was a real power in the senate, and whether his party was in control or not he generally managed to have a tight grip on the throttle. Gorman was a master of political intrigue, a natural born general, alternately bold and cautious, and the most secretive when he was apparently the most frank.

Arthur Pue Gorman's career has been one of romantic interest, for he entered public life as a page boy in the senate, and at that time determined to win for himself the right to clap his hands and have page boys come flying with glasses of water, fans, papers, books and oth-

A. P. GORMAN.

er attributes of real statesmanship. It was in 1852 that he began work as a page, and he remained as a mere subordinate in the senate for 14 years, by which time he had become postmaster.

He was then only 27 years old, but from boyhood he had been associating with astute politicians and learned all the tricks of the trade. He at once embraced the opportunity offered to ambitious Democrats by Andy Johnson and landed as collector of internal revenue, which place he held until Grant reorganized things. By that time Gorman had become a power, and the same year which removed him from the federal service saw him a member of the Maryland legislature. That was in 1869, and Gormanism dates back to that time. Within two years he was made speaker of the house of delegates, in 1875 he was in the state senate, and in January, 1880, he was elected to succeed William Pinkney Whyte the following year as United States senator from Maryland, thus realizing his boyhood ambition. March 3, 1899, he will retire, after three terms aggregating 18 years.

Senator Gorman is one of the few examples of men who absolutely had no business in life except that of politics. He was only 14 years old when made a senate page. When he retires, he will be a few days short of threescore. During all that time, from the beginning of his teens to his sixtieth year, he has lived and breathed politics. Necessarily limited in his education, he adopted no profession even nominally, and he had no opportunity to learn a business, as for 47 years he has been a pensioner on the public. Yet he has the reputation of being a millionaire. His salary for 18 years as senator was less than $100,000, and for the other 29 years probably not over $50,000. On this aggregate of $150,000 he has entertained handsomely, spent money liberally for politics and cleaned up a million or so without any visible means of support, except such as might be developed by a purely political career.

With his dubious career as professional politician and intriguing boss Senator Gorman combines a charming personality, really broad ideas of governmental functions and a private character which is beyond reproach. His word is as good as his bond, his house is a center of culture and refinement, and away from his professional career Arthur Pue Gorman is as lovable a man as one would meet in walking from Baltimore to Washington and back again.—Chicago Tribune.

STORY OF TRAGEDY.

It Was Written on a Paper Tied to a Sparrow's Leg.

A few mornings ago at the home of Clayton B. Hunt in Richmond, Ind., the house cat captured a live sparrow. It was noticed that tied to the bird's leg was a crumpled piece of paper. Releasing the bird, Mr. Hunt took from its leg the piece of paper, upon which was written the following:

"To whom may find this—As I am casting my last breath I send you word by this little bird. I am starving in an old hut near New Paris. Send word to mother.—Clarence Proctor."

Mr. Hunt reported the matter to the marshal of New Paris, who will see what truth there is in it.—Cincinnati Enquirer.

DIDN'T LIKE THE CAMP

There Were Serious Objections to Steubenville.

CAPT. A. C. SHARP COMMENDS

He Also Criticizes the Eighth Regiment, Its Officers and Men—Thinks There Is Some Room For Improvement, and Makes a Number of Suggestions.

Capt. A. C. Sharp, who inspected the Eighth regiment when it was in camp at Steubenville, has made his report to the war department.

In the estimation of Captain Sharp, the hospital and signal corps are poorly equipped, and should receive the attention of the state officers. "The hospital corps is uniformed according to regulations, and is provided with ambulance and litters, the latter in bad condition and liable to be broken at the bolts. The members of the corps are quick to learn, and with a little more drill will become very proficient. The state of health at the camp was very good, there being no response to the sick call until the last day of the camp."

Captain Sharp considers the camping place at Steubenville as very bad. The parade ground is described as being "very rough and covered with long grass, the drinking water of doubtful quality, although of sufficient quantity." Speaking of the companies, he evidently believes that M is the pride of the regiment. In speaking of the Canton companies he says, "They have had the manifest advantage of battalion drills. Company I needs new uniforms. The rifles of this battalion vary from excellent to very bad, those of company L being the best cared for. The equipment is old and worn and should be replaced as soon as an appropriation for that purpose is obtainable. The officers are well qualified and are properly uniformed and equipped.

"The police regulations were the best ever seen in a national guard camp. The sanitary conditions were perfectly satisfactory. This very praiseworthy result was doubtless due to the admirable supervision of the excellent corps of regimental surgeons. One assistant surgeon was assigned to each battalion and was held responsible for that section of the camp. He made his inspection daily, and was given full authority to correct anything not according to sanitary regulations.

"The tents of the regiment are in very bad condition, with the exception of those of the regimental officers and some 70 recently purchased. Each company was allowed 40 cents per day per capita for the subsistence of the men, the residue accruing to the company treasurer. With one exception, the line officers appeared familiar with the means of subsisting their men. The battalion drills were unusually good.

"Ten years ago I was assigned to inspect this same regiment. Since that time the commissioned personnel has steadily improved, and the officers seem devoted to the regiment and its interest. The conduct of the enlisted men has materially changed, the old familiarity between officers and enlisted men has disappeared, the blanket tossings and other 'horse play' after taps has ceased. Roll calls were generally well responded to, though not always with alacrity.

"Saluting improved during the encampment and as a rule the men saluted the colors which were placed in sockets in front of the commanding officer's headquarters, thus showing the effect of training in this regard. In some cases the officers failed to return the salutes of their inferiors. Officers' school was well attended and was a valuable training. Discipline, however, still depends upon the commander and not on the drastic code. As elsewhere, good officers make good companies."

Captain Sharp recommends an allowance for white gloves and shoes, and that an army officer be detailed to instruct the regiment for a brief period each year.

JOSEPH BUNTING DEAD

He Passed Away Suddenly Yesterday Afternoon.

ROBBED A BOARDING HOUSE

Another Case of Diphtheria Has Appeared. Georgia Colonists Are Not Enthusiastic. Herron Will Recover—Officer Cohagen's Experience With a Liverpool Lad.

Joseph Bunting died suddenly at 5 o'clock yesterday at the family residence in Main street. He was out last Sunday, but later suffered an attack of meningittis, and was in a stupor to the time of his death. Three weeks ago he had a similar attack, and it was feared that he would not recover. The funeral will take place tomorrow from the family residence. Deceased was well known to almost every one in Wellsville, and his family have the sympathy of a host of friends.

More Diphtheria.

Another case of diphtheria has developed at the home of Emmett Green in West End. Anti-toxine was administered yesterday, and the physicians are watching the case slowly.

Doctor Holland reports a few suspicious cases, but they have not developed.

A tube was placed in the throat of Edward Fuller's child, and anti-toxine was administered. The little one is improving, and it is believed that it will recover.

Not So Much Enthusiasm.

The Georgia colonists seem to have decreased in numbers, and there is not now so much enthusiasm. Yesterday was the time set apart for several of them to leave, but only J. Q. Boring started for the south. Will Figley abandoned his plans at the last moment. The project, however, is not dead, and others now expect to leave the city before spring.

A Rough Experience.

Officer Cohagen had a rough experience with a Liverpool man, the other evening. The man had been arrested for disorderly conduct and was about to be locked in a cell when the officer received a blow on the head which sent him reeling against the wall. The officer quickly recovered, and knocking the man down locked him up.

Robbed a Boarding House.

The boarding house of Henry Brant, in Nevada street, was burglarized late yesterday evening. The thieves secured a quantity of clothing. Drawers and trunks were broken open, and the place thoroughly ransacked. The theft was reported to the police but no arrests have been made.

Herron Will Recover.

Cal Herron, who fell down a shaft at the Kenilworth plant, is much better today. A careful examination developed that a rib had been broken, and his side badly bruised, but there were no internal injuries. The young man will recover.

In Darkness.

An armature burned out at the light plant early last evening, and for a time the town was almost in darkness. The damage will be repaired as soon as possible.

Closed His Store.

D. Mannist has closed his store in Irondale. Charles McGregor, who has been conducting the business, has returned to Wellsville.

The News of Wellsville.

The Sons of Veterans held a regular meeting last night. A great effort is being made to secure new members.

A meeting of the firemen has been called at city hall for this evening.

A slight fire at the residence of John Rayl, in Front street, was answered by the department. A gasoline stove was the cause. Little damage was done.

S. Daniels has purchased an interest in Norton & Blackburn's barber shop in East Liverpool.

The marshal of Mingo was here yesterday with a prisoner he was taking to the Canton workhouse.

The ladies of the First Presbyterian church will give a supper and social at the church this evening.

Mrs. Henry Aten is home from Pittsburg, where she spent three weeks with friends.

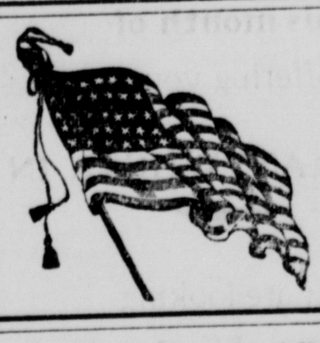
EAST LIVERPOOL, O., WEDNESDAY, NOV. 17.



ALLEN O'MYERS should follow the example of his friend McLean and leave the state. Even his own party has had enough of him.

THE postal department should experiment with its free rural mail delivery in this county. If it is successful over such roads as we have in this section it would be successful anywhere.

FOUR boys—minors—drinking intoxicants at a Rochester, Beaver county, bar. One of the number murdered by his companions. Verdict, killed by whisky. Vendor of liquor accessory before the fact.

IT is very generally believed by his friends that President McKinley will have something good for Cuba in his message to congress. Let us hope that it will make the starving soldiers a good Christmas present, even though it will be a little premature.

MR. PLATT'S position as a political boss is peculiar. Turned down by the people of New York, he went to see President McKinley, and the fact was advertised far and wide. Can the old chap believe that his seeming intimacy with the head of the party will save him from the popular wrath which will sooner or later overtake all bosses?

THE question of amending the constitution so as to compel the election of United States senators by popular vote is again being discussed, the last prominent man to endorse the idea being Senator Carter, formerly national chairman of the Republican party. It may require years to reach the desired end, but the day will come when the change will be made.

THE RIGHT MEN.

The men who will administer the government of East Liverpool for two years will be chosen at the Republican primaries early next spring. It remains with the people of the city to say whether they will bow in humble submission to a power which does not want the laws enforced, or whether they will stand out like men and make this a model of municipal government. Which will you have? It remains for the thinking people of the city to decide.

OHIO'S FINANCES.

It was frequently stated during the campaign that Governor Bushnell's business abilities were being used to better the financial condition of the state, and the statement for the fiscal year which closed last Monday proves every one of those statements true. The general revenue fund, always taken as the proper basis of comparison for receipts and expenditures, shows $255,052.23 more than at the last settlement, which means that Ohio is just that much better off. There have been times in the history of Ohio when the figures were on the wrong side of the balance sheet.

THE HOSPITAL.

The public spirited gentlemen who have taken in hand the project to build a hospital should receive the moral and financial support of this entire community. It is useless to put forward the need of a hospital. That has so often been done that every one who is interested in the progress of the city and the welfare of humanity is well acquainted with the details. Methods and men are the matters to be considered. We have the men, and solid, pushing business and professional men they are, and they will provide the methods. Let them be aided when they ask aid. They know what is needed and will not attempt that which is impossible; but in order that they be eminently successful they must be encouraged. East Liverpool is charitable, it has demonstrated it times almost without number, but never has a more worthy object of charity come to ask a helping hand than the hospital.

GOD SPEED THE DAY.

Speed what day? What particular day? The day that good and clean citizenship shall rule in the municipal government of the city of East Liverpool. The day when the GANG shall be relegated to its proper place—oblivion; wiped from the record of our body politic. Conservative and clean citizenship is largely in the majority in this business center—the center of the pottery trade of the United States; and yet, to our shame be it said, we have allowed the rowdy, the saloon and the riff-raff minority to control, an element backing up unscrupulous politicians, a class of men who have controlled by trickery, bribery and promises of official positions, until their names and actions have become a stench in the nostrils of men of probity, honor and integrity. When an official forgets his oath, and fails to enforce the laws and ordinances enacted for the purpose of controlling and checking evils, then that official becomes a law breaker and a perjurer, and he should forever be debarred from any gift which the people—the lawabiding people—have the power to grant. Forbearance has ceased to be a virtue. Honest indignation has been aroused and will not down. Let any party, or party leaders, or would-be leaders, dare to palm off upon the public a trickster, a tool and a time-server at the next primary, and party and trickster and tool will be buried beneath a storm of ballots, cast by clean voters. Turn on the light. God speed the day.

They Missed a Train.

This morning Drs. O. P. Andrews and Captain Myers left on the 8 o'clock train for Lisbon, where they were summoned as witnesses in the Kinney case. The train as usual was late, and when they arrived at Rochester they discovered the Ft. Wayne train had been gone several minutes. They returned home on the 10:20 train, and, hiring a team, drove to the county seat.

An Entertainment.

The members of the high school will give an entertainment in their rooms next Wednesday afternoon.

A Note of Warning.

A number of the remedies commonly used for throat trouble have but little merit. The indiscriminate and careless use of some of them is attended with positive danger.

As a prominent example, Chlorate of Potash probably does a great deal more harm than good. Many people, when suffering from sore throat and like troubles, carry crystals or tablets of Chlorate of Potash in their pockets, and eat them almost like candy. Chlorate of Potash has a decided direct action on the kidneys and its unwise use in frequent and large doses irritates these organs and leads to really serious results, especially so in children.

Some may think this is sounding a false and needless alarm but as a single proof we wish to state that we have before us the November, 1894, copy of the *Indiana Medical Journal*, wherein are reported two deaths clearly due directly to this habit of using Chlorate of Potash with no regard to its powerful properties.

In the past there may have been some excuse for people trifling with dangerous and powerful drugs in the home treatment of Sore Throat, Sore Mouth, Croup and Quinsy, as there was a lack of a valuable cure for these diseases. A remedy has recently been placed on sale specially for this class of troubles and it is meeting with a well-merited success, as every prudent mother wants such a remedy at hand. Its name is Tonsiline. It never fails. Your dealer has it in 25 and 50 cent bottles.

NOT SAYING A WORD

About What Was Done at Yesterday's Meeting.

DOES NOT INTEREST THE PUBLIC

No Final Action Was Taken—It Is Said Manufacturers Talked Earnestly About the Reorganization of the Old White Granite Compact.

The meeting of manufacturers in the Laughlin block yesterday afternoon caused some discussion in the city last night and today, but those who know the details refuse to make them public.

"The matter under discussion was of interest to the manufacturers, but not to the public generally," said W. E. Wells, to whom the newspaper men were referred by every manufacturer questioned. "For good reasons, which I am not at liberty to give, it was thought best not to make the matter public until final action had been taken."

The story, however, is current that the meeting was called for the purpose of taking steps which would result in the reorganization of the white granite compact or the forming of a similar association for the protection of prices. It was also said that wages did not enter into the conference only so far as the selling price would be influenced.

On the River.

The Catherine Davis passed down this morning with a tow of coal for Marietta. This is the first coal to go south during the present rise.

After almost three days of rain, the Ohio river did not rise enough to be of much benefit to coal shippers. Many of the boats now in the upper pools made ready to come, but at a late hour were unable to get out.

The Kanawha passed down last evening with a good trip of freight and passengers. The Bedford will be up for the first time tomorrow, and it will be followed by the Ben Hur. Shipments are strong.

The marks at the wharf at noon today showed 7.2 feet of water at this port, but this is mainly caused by the water coming from the Beaver. As it is still raining at the headwaters, a coalboat stage is assured.

Some Lisbon News.

LISBON, Nov. 17. — [Special] — Mrs. Anna Booth asked a divorce and alimony from D. S. Booth. She alleges that he deserted her four years ago.

The commissioners have refused to allow the incorporation of New Waterford. The majority of citizens opposed the move.

Marriage licenses were issued today to Isaac Curfman and Martha E. Loath, East Liverpool; W. E. Weldon and Margaret S. Kennedy; H. W. Zimmerman and Sadie Clark.

DR. WOOD WILL STAY.

Doctor Wood, noted specialist, has decided after hearing requests from a very great many people in the city to remain another week. He can be consulted at the Hotel Lakel until Saturday evening, Nov. 20.

East Liverpool is charitable, it has demonstrated it times almost without number, but never has a more worthy object of charity come to ask a helping hand than the hospital.

GOD SPEED THE DAY.

Speed what day? What particular day? The day that good and clean citizenship shall rule in the municipal government of the city of East Liverpool. The day when the GANG shall be relegated to its proper place—oblivion; wiped from the record of our body politic. Conservative and clean citizenship is largely in the majority in this business center—the center of the pottery trade of the United States; and yet, to our shame be it said, we have allowed the rowdy, the saloon and the riff-raff minority to control, an element backing up unscrupulous politicians, a class of men who have controlled by trickery, bribery and promises of official positions, until their names and actions have become a stench in the nostrils of men of probity, honor and integrity. When an official forgets his oath, and fails to enforce the laws and ordinances enacted for the purpose of controlling and checking evils, then that official becomes a law breaker and a perjurer, and he should forever be debarred from any gift which the people—the lawabiding people—have the power to grant. Forbearance has ceased to be a virtue. Honest indignation has been aroused and will not down. Let any party, or party leaders, or would-be leaders, dare to palm off upon the public a trickster, a tool and a time-server at the next primary, and party and trickster and tool will be buried beneath a storm of ballots, cast by clean voters. Turn on the light. God speed the day.

They Missed a Train.

This morning Drs. O. P. Andrews and Captain Myers left on the 8 o'clock train for Lisbon, where they were summoned as witnesses in the Kinney case. The train as usual was late, and when they arrived at Rochester they discovered the Ft. Wayne train had been gone several minutes. They returned home on the 10:20 train, and, hiring a team, drove to the county seat.

An Entertainment.

The members of the high school will give an entertainment in their rooms next Wednesday afternoon.

A Note of Warning.

A number of the remedies commonly used for throat trouble have but little merit. The indiscriminate and careless use of some of them is attended with positive danger.

As a prominent example, Chlorate of Potash probably does a great deal more harm than good. Many people, when suffering from sore throat and like troubles, carry crystals or tablets of Chlorate of Potash in their pockets, and eat them almost like candy. Chlorate of Potash has a decided direct action on the kidneys and its unwise use in frequent and large doses irritates these organs and leads to really serious results, especially so in children.

Some may think this is sounding a false and needless alarm but as a single proof we wish to state that we have before us the November, 1894, copy of the *Indiana Medical Journal*, wherein are reported two deaths clearly due directly to this habit of using Chlorate of Potash with no regard to its powerful properties.

In the past there may have been some excuse for people trifling with dangerous and powerful drugs in the home treatment of Sore Throat, Sore Mouth, Croup and Quinsy, as there was a lack of a valuable cure for these diseases. A remedy has recently been placed on sale specially for this class of troubles and it is meeting with a well-merited success, as every prudent mother wants such a remedy at hand. Its name is Tonsiline. It never fails. Your dealer has it in 25 and 50 cent bottles.

NOT SAYING A WORD

About What Was Done at Yesterday's Meeting.

DOES NOT INTEREST THE PUBLIC

No Final Action Was Taken—It Is Said Manufacturers Talked Earnestly About the Reorganization of the Old White Granite Compact.

The meeting of manufacturers in the Laughlin block yesterday afternoon caused some discussion in the city last night and today, but those who know the details refuse to make them public.

"The matter under discussion was of interest to the manufacturers, but not to the public generally," said W. E. Wells, to whom the newspaper men were referred by every manufacturer questioned. "For good reasons, which I am not at liberty to give, it was thought best not to make the matter public until final action had been taken."

The story, however, is current that the meeting was called for the purpose of taking steps which would result in the reorganization of the white granite compact or the forming of a similar association for the protection of prices. It was also said that wages did not enter into the conference only so far as the selling price would be influenced.

On the River.

The Catherine Davis passed down this morning with a tow of coal for Marietta. This is the first coal to go south during the present rise.

After almost three days of rain, the Ohio river did not rise enough to be of much benefit to coal shippers. Many of the boats now in the upper pools made ready to come, but at a late hour were unable to get out.

The Kanawha passed down last evening with a good trip of freight and passengers. The Bedford will be up for the first time tomorrow, and it will be followed by the Ben Hur. Shipments are strong.

The marks at the wharf at noon today showed 7.2 feet of water at this port, but this is mainly caused by the water coming from the Beaver. As it is still raining at the headwaters, a coalboat stage is assured.

Some Lisbon News.

LISBON, Nov. 17. — [Special] — Mrs. Anna Booth asked a divorce and alimony from D. S. Booth. She alleges that he deserted her four years ago.

The commissioners have refused to allow the incorporation of New Waterford. The majority of citizens opposed the move.

Marriage licenses were issued today to Isaac Curfman and Martha E. Loath, East Liverpool; W. E. Weldon and Margaret S. Kennedy; H. W. Zimmerman and Sadie Clark.

SEVERAL TRACES FOUND

But Little Emma Volk Is Still Missing.

THE SUPERINTENDENT ACTIVE

The Child Did Not Go to Alliance, Nor Did She Appear at the Home—Mr. and Mrs. Tucker Have Searched the City and Vicinity Thoroughly.

Little Emma Volk, who left the home of C. A. Tucker last Monday at noon, is still missing, although several traces of her have been found.

Superintendent Southworth sent word to the city this morning that the little girl had not came to Alliance from this city nor had she appeared at the home. The superintendent decided this morning that he would continue the search today in Massillon, where she formerly resided with her father. He had no information that she had gone there, but believed that there was a possibility of her having gone there to find her friends.

Mrs. Tucker continued the search this morning, having decided that Emma might be still in this vicinity. She visited Central school building and questioned the scholars. Lizzie Morrow said she had seen Emma walking out of an uptown store at noon yesterday, 24 hours after the family had seen her. The only difference in the description given was that Emma had a shawl on her head. When she left home she wore a red cap.

A boy said he had seen her at the Horn switch yesterday.

Not thinking a great deal of this Mrs. Tucker remembered that Emma had told them she once lived with a family in Wellsville named Wilson. Mrs. Tucker went there this morning, and spent several hours hunting people named Wilson. She found three families, but they knew nothing of the child. According to Emma's story she had lived there the winter before she was sent to this place.

Mr. and Mrs. Tucker are very anxious concerning the child and are making every effort to find her. Mr. Southworth is also hard at work, and may come here this evening.

THE PENNSYLVANIA IMPROVEMENTS

Will Be Formally Presented to Council Next Week.

It was learned this morning from a well known railroad official in this city that the Cleveland and Pittsburg company have prepared plans for an addition to the outbound platform to be built between the east end of the present shed and a point near the Thompson pottery. This, it is said, was the object of the officials who were in the city several days ago. At the next meeting of council the company will ask that they be given permission to build a bridge from the present building to the new addition. If their sanction is secured building will be commenced within a few weeks.

The ground the company expect to build on is owned by them. The story that probable improvements would be made at the west end of the platform is denied by the officials who were in the city and also by those in this city who are in a position to know.

ANOTHER CONSTABLE

Seems to Be a Necessity In the City.

The necessity of having more than one constable in the city was forcibly illustrated this morning.

Constable Lyon was summoned to appear today in Lisbon, and when two actions were brought in one of the squire's courts there was no one to serve the papers, and the suits will necessarily be delayed. It is not probable the township trustees will appoint a man to fill the vacancy caused by the resignation of A. E. Bertele, but they will let the spring election fill the vacancy.

TO HEAR THE REPORT.

The Hospital Association Will Meet Thursday Evening.

The hospital association will hold a meeting tomorrow evening for the purpose of hearing the report of the committee appointed to confer with a committee of council concerning a site.

The last work done by the association has increased the interest wonderfully, and the meeting tomorrow night is expected to be as large as it will be enthusiastic.

KINNEY IS ON TRIAL

Miss Everson's Father Told His Story.

SHE IS NOW IN THE ASYLUM

For the Third Time Since the Family First Noticed Indications of Mental Derangement---A Large Number of Witnesses Called.

LISBON, Nov. 17.—[Special]—The trial of Hudson B. Kinney, of Liverpool, charged with bringing about the ruin of Ada L. Everson, the insane daughter of C. N. Everson, was commenced in court just before the noon adjournment. Already 35 witnesses have been summoned. Miss Everson is now in the Newburg asylum.

The case opened this afternoon by the testimony of C. N. Everson, father of the young woman in question.

"We moved to Liverpool," he said, "two years ago from Alliance. While still living in Alliance we discovered signs of mental derangement in our eldest daughter, and she was taken to the asylum at Toledo. We brought her back home in June 1895, and in September a deputy sheriff took her to the asylum again. She remained this last time a year."

"Where did she become acquainted with Kinney," asked Prosecutor Speaker.

"In August 1896 she met him at Mrs. James Graham's. He called to see her a number of times, and once when my wife and I were away he remained with her all night. I never allowed her to stay up after 12 o'clock. On account of her condition we were compelled to be strict with her. She would often make the acquaintance of men on the street, and bring them home. Kinny would call two and three times a week. I sent her to Doctor Spahr's at Fredericktown, once, to get her away from him, but he went there to see her. Her child was born last July, and she is now confined in Newburg asylum, hopelessly insane."

Everson is on the stand as the NEWS REVIEW goes to press.

Doctor Detcheon was subpoenaed on the case, but failed to come, and Judge Smith ordered him to be brought in.

WHAT THE CITY GAVE

To Keep Striking Miners From Starving.

SQUIRE HILL HAS A REPORT

Which Will Be Made to Trades Council at the Meeting This Evening—It Shows That East Liverpool Has Been Very Liberal.

At the meeting of Trades council this evening Secretary E. W. Hill, of the Miners Relief committee, will, as near as possible, submit a full report of the money which the citizens donated to the striking miners. A careful estimate places the amount at $1,217.

The papers circulated by the committee netted $635.30, and after the expenses were paid the balance was sent to the places where it was thought it would do the most good. In addition to this sum Trades council donated $30 which they sent to miners in the county.

There is no way of telling the exact amount the miners' committees took away with them but the following estimates are nearly correct. They are as follows: New Waterford, $127; Banksville, $150; Bridgeport, $60; Steubenville, $50. The East Palestine miners realized $100 from the sale of tickets in the city and the different unions donated at least $100 to the fund.

WEARY WITH WAITING

Uncle Sam Decides to Complete Merrill Dam.

CONTRACTORS HAVE BEEN SLOW

There Is Danger That the Ice Will Sweep Away the Coffer Dam and Entail No End of Loss if Something Is Not Done Before Spring.

Uncle Sam is a vigorous gentleman, and when he decides that he wants something done he usually loses no time in having the work performed. He has decided that he wants the Merrill dam completed at once, and has taken the required steps.

Captain Martin, who has charge of the work, has received instructions from the war department to notify Hulings Bros., the contractors, that he proposes to put a force of men at work at once to help them complete the job. This practically means that the firm have been relieved of the contract, since all expense incurred by the government will be paid by them.

According to common report matters have progressed very unsatisfactorily at the Merrill dam ever since Hulings Bros. started the work. The rivermen complained that the channel was badly obstructed, and obtained a modification of the original plans from Secretary Russell A. Alger, of the war department. Since then the work has dragged, and it became evident some time ago that without an unusually favorable season it could not be completed before the advent of winter and high water. Major W. H. Heuer was summoned there, before leaving the Cincinnati engineer's office, by the complaints of the rivermen but left the matter to his successor, Major W. H. Bixby, who also paid the dam a personal visit. Unless at least half of the dam is completed this fall, the removal of the coffer will entail great delay and loss. If the coffer is not taken out it will probably be swept away by the ice this winter. If it remains it will be a constant menace to navigation.

Under the circumstances Captian Martin thought he could forbear no longer. The season had been so favorable that he believed the work could have been completed before this. Now he has stepped in to save what he can from the wreck that seems imminent.

REPROVED HIS SON.

And Neighbors Threatened to Inform the Police.

Several people in West End have been indignant for months because of the manner in which a resident whipped his son.

Monday night the boy was thrashed for some mischievous act, and it was reported that he could not leave his bed the next day. A neighbor promptly informed the father that a repetition of the act would result in the case being reported to the Humane society.

NOTHING TO DO.

Truant Officer Beardmore Is Not a Busy Man.

There are very few complaints of truancy these days, and Officer Beardmore is by no means a busy man.

Very few complaints have been made since the schools opened, and during the last few weeks there has been so much sickness in the city that the just and unjust alike were afflicted to such an extent as to have little chance for truancy.

THIRD TIME THE CHARM.

Mrs. Denver Smith Succeeded In Ending Her Life.

The wife of Denver Ed Smith committed suicide at Brazil, Ind., by taking arsenic. She was 35 years of age, and leaves a family. This is the third attempt she has made. Despondency over domestic trouble is assigned as the cause. When Smith conducted a saloon in this city a few years ago his wife was not with him, they having separated sometime before.

Broke His Ankle.

Mr. and Mrs. W. G. McKee and son, Charles, left this morning for Cochran's Mills, Pa., where they attended today the funeral of Mr. McKee's father, who died Monday, of old age. He was 90 years old, and some time ago fell and broke his ankle, which hastened his death. Deceased was well known here.

Will Take a Crowd.

If the weather is fine next Saturday a large number of people are expected to accompany the Rovers to Homestead. The railroad officials have promised a low rate to Pittsburg for the occasion.

FIGHT IN A POSTOFFICE.

The Assistant Postmaster at Atlanta Refuses to Quit.

ATLANTA, Nov. 17.—The fight in the Atlanta postoffice between Major J. M. Couper, the present assistant, and Major W. H. Smyth, the new postmaster, is growing very warm. When Major Smyth took charge of his office he went to Major Couper and demanded that he turn over his position to Mr. R. F. Blodgett, whom the latter had appointed in his place. Major Couper strenuously refused to accede to Major Smyth's demands and went before Judge Newman and received a restraining order against the new postmaster.

WASHINGTON, Nov. 17.—The appeal of Major Couper of Atlanta from his removal as assistant postmaster by Major Smyth has reached here. The civil service commission, however, can see no relief for the action, for an amendment to the civil service rules made by President McKinley on July 27 last excepts one assistant postmaster or chief assistant to the postmaster of whatever designation at each postoffice from the civil service requirements for examination or registration before the commission. Chairman Proctor of the commission stated that under this rule there was no action the commission could take in the matter and the discretion thus given the postmaster was only restricted by forbidding removals for political purposes. If the postmaster gives no reason for the removal, there is no remedy for the deposal.

Settled by United States Minister.

KINGSTON, Jamaica, Nov. 17.—The threatened rupture between Germany and Haiti has so far been amicably settled, thanks to the mediation of the United States minister, Mr. W. F. Powell, though it is still understood that Germany intends to make a naval demonstration in Haitian waters.

To Build Monongahela Locks.

WASHINGTON, Nov. 17.—The war department has awarded to C. I. McDonald of Pittsburg, the lowest bidder, the contract for building six locks on the monongahela river, numbering from 10 to 15 inclusive.

Miners on Strike.

BELLAIRE, O., Nov. 17.—The 100 miners at the Glen Coal company's mines, at Glencoe, O., ten miles west of here, on the Baltimore and Ohio, have gone out on a strike because the company wanted to reduce wages on certain kind of work in the mines.

Quick Trial For Murderer.

NEW YORK, Nov. 17.—The jury in the case of Fritz Meyer, accused of the murder of Policeman Frederick Smith in the church of the Most Holy Redeemer, brought in a verdict of murder in the first degree. The crime was committed about two weeks ago. Meyer was robbing the poor box.

Klondyke

The Land of Golden Nuggets.

JOSEPH LADUE,

the new Bonanza King of the Klondyke Gold Regions, gives the facts. His book reads like "The Arabian Nights," BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim and immediately purchased twelve others at a low price before their value was known. He has refused $100,000 for any ONE of these claims, as they are rich with virgin gold nuggets, beyond the dream of avarice. Joseph Ladue then

Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots 150x50 are now selling for $5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuler Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the west going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific coast and finally located in Alaska and the northwest, where he has covered almost the entire country since 1882. Mr. Ladue is a typical pioneer: strong, hardy and resolute—a man of iron as one must needs be to go through the hardships he has and come out with a constitution unbroken and unimpared at about the age of 43. Mr. Ladue has not only worked his muscles to good advantage to himself with the result of an abundance of the world's goods, far beyond the dreams of men, but he has evidently all this time been closely observing the conditions of that strange country—the Yukon Valley—which has so suddenly become one of the great centers upon which human interest throughout the world is focussed.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space) people began to wonder and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man today alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights, year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

"Klondyke Nuggets"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

NOMINAL OFFER

which places the facts in the possession of our readers. **REMEMBER**, that our office is the sole distributing point for this locality, having closed exclusive arrangements with Mr. Ladue's publishers.

The cover of the work is beautifully printed in red and gold, the gold showing one of the author's nuggets as nearly as it is possible to reproduce it on paper.

It is easy to secure a copy of "KLONDYKE NUGGETS." Cut out the Coupon and follow instructions.

WEARY WITH WAITING

Uncle Sam Decides to Complete Merrill Dam.

CONTRACTORS HAVE BEEN SLOW

There Is Danger That the Ice Will Sweep Away the Coffer Dam and Entail No End of Loss if Something Is Not Done Before Spring.

Uncle Sam is a vigorous gentleman, and when he decides that he wants something done he usually loses no time in having the work performed. He has decided that he wants the Merrill dam completed at once, and has taken the required steps.

Captain Martin, who has charge of the work, has received instructions from the war department to notify Hulings Bros., the contractors, that he proposes to put a force of men at work at once to help them complete the job. This practically means that the firm have been relieved of the contract, since all expense incurred by the government will be paid by them.

According to common report matters have progressed very unsatisfactorily at the Merrill dam ever since Hulings Bros. started the work. The rivermen complained that the channel was badly obstructed, and obtained a modification of the original plans from Secretary Russell A. Alger, of the war department. Since then the work has dragged, and it became evident some time ago that without an unusually favorable season it could not be completed before the advent of winter and high water. Major W. H. Heuer was summoned there, before leaving the Cincinnati engineer's office, by the complaints of the rivermen but left the matter to his successor, Major W. H. Bixby, who also paid the dam a personal visit. Unless at least half of the dam is completed this fall, the removal of the coffer will entail great delay and loss. If the coffer is not taken out it will probably be swept away by the ice this winter. If it remains it will be a constant menace to navigation.

Under the circumstances Captian Martin thought he could forbear no longer. The season had been so favorable that he believed the work could have been completed before this. Now he has stepped in to save what he can from the wreck that seems imminent.

REPROVED HIS SON.

And Neighbors Threatened to Inform the Police.

Several people in West End have been indignant for months because of the manner in which a resident whipped his son.

Monday night the boy was thrashed for some mischievous act, and it was reported that he could not leave his bed the next day. A neighbor promptly informed the father that a repetition of the act would result in the case being reported to the Humane society.

NOTHING TO DO.

Truant Officer Beardmore Is Not a Busy Man.

There are very few complaints of truancy these days, and Officer Beardmore is by no means a busy man.

Very few complaints have been made since the schools opened, and during the last few weeks there has been so much sickness in the city that the just and unjust alike were afflicted to such an extent as to have little chance for truancy.

THIRD TIME THE CHARM.

Mrs. Denver Smith Succeeded In Ending Her Life.

The wife of Denver Ed Smith committed suicide at Brazil, Ind., by taking arsenic. She was 35 years of age, and leaves a family. This is the third attempt she has made. Despondency over domestic trouble is assigned as the cause. When Smith conducted a saloon in this city a few years ago his wife was not with him, they having separated sometime before.

Broke His Ankle.

Mr. and Mrs. W. G. McKee and son, Charles, left this morning for Cochran's Mills, Pa., where they attended today the funeral of Mr. McKee's father, who died Monday, of old age. He was 90 years old, and some time ago fell and broke his ankle, which hastened his death. Deceased was well known here.

Will Take a Crowd.

If the weather is fine next Saturday a large number of people are expected to accompany the Rovers to Homestead. The railroad officials have promised a low rate to Pittsburg for the occasion.

FIGHT IN A POSTOFFICE.

The Assistant Postmaster at Atlanta Refuses to Quit.

ATLANTA, Nov. 17.—The fight in the Atlanta postoffice between Major J. M. Couper, the present assistant, and Major W. H. Smyth, the new postmaster, is growing very warm. When Major Smyth took charge of his office he went to Major Couper and demanded that he turn over his position to Mr. R. F. Blodgett, whom the latter had appointed in his place. Major Couper strenuously refused to accede to Major Smyth's demands and went before Judge Newman and received a restraining order against the new postmaster.

WASHINGTON, Nov. 17.—The appeal of Major Couper of Atlanta from his removal as assistant postmaster by Major Smyth has reached here. The civil service commission, however, can see no relief for the action, for an amendment to the civil service rules made by President McKinley on July 27 last excepts one assistant postmaster or chief assistant to the postmaster of whatever designation at each postoffice from the civil service requirements for examination or registration before the commission. Chairman Proctor of the commission stated that under this rule there was no action the commission could take in the matter and the discretion thus given the postmaster was only restricted by forbidding removals for political purposes. If the postmaster gives no reason for the removal, there is no remedy for the deposal.

Settled by United States Minister.

KINGSTON, Jamaica, Nov. 17.—The threatened rupture between Germany and Haiti has so far been amicably settled, thanks to the mediation of the United States minister, Mr. W. F. Powell, though it is still understood that Germany intends to make a naval demonstration in Haitian waters.

To Build Monongahela Locks.

WASHINGTON, Nov. 17.—The war department has awarded to C. I. McDonald of Pittsburg, the lowest bidder, the contract for building six locks on the monongahela river, numbering from 10 to 15 inclusive.

Miners on Strike.

BELLAIRE, O., Nov. 17.—The 100 miners at the Glen Coal company's mines, at Glencoe, O., ten miles west of here, on the Baltimore and Ohio, have gone out on a strike because the company wanted to reduce wages on certain kind of work in the mines.

Quick Trial For Murderer.

NEW YORK, Nov. 17.—The jury in the case of Fritz Meyer, accused of the murder of Policeman Frederick Smith in the church of the Most Holy Redeemer, brought in a verdict of murder in the first degree. The crime was committed about two weeks ago. Meyer was robbing the poor box.

Final Trials of Gunboats.

WASHINGTON, Nov. 17.—Orders have been issued for the final trials of the Wheeling and the Marietta at Mare Island, Cal. The Wheeling will go to sea for a two days' run on the 26th and the trial of the Marietta will occur as soon as she returns from Alaska.

EIGHT MEMBERS THERE

When the Meeting of Library Directors Began.

NO LECTURES DURING THIS YEAR

The Resignation of Secretary Charles Danberg Was Accepted, Some Bills Were Paid, and the Matter of Meeting Once a Month Was Discussed, But Not Settled.

The library association met in city hall last evening with eight members present.

After the routine business had been transacted J. R. Warner, chairman of the entertainment committee, was called upon. He read several letters from lyceum bureaus, but as no meeting had been held for two months the contents were acted upon. The committee thought of securing DeWitt Talmage to give a lecture, but after a short debate his price, of $350, was thought too high, and it was then finally decided not to hold any entertainments until next year.

The soliciting committee had no report to make, but it was decided to begin a thorough canvass of the city in the interest of the library next Monday.

The resignation of Secretary Danberg was read and accepted. Several bills were paid, and the librarian's salary for two months was also paid. The matter of meeting once a month was discussed, but the meeting adjourned before any final action was taken.

NOT TOO LATE

To Go After the Commissioners For That Money.

"It is not too late to go after the commissioners for the Calcutta road improvement," said a resident who read the article dealing with the matter in last night's NEWS REVIEW.

"Council, if it moves quickly, can land that plum I am sure. The other commissioners got what they asked, and Mr. Bowman is reported as having said that he would stand by the southern end of the county when its claims were presented. That being the case, I think we should with a little work be able to convince them that the contract should be let and everything made ready so that work might begin as soon as the sun shines next spring. It is my opinion that council should push the matter."

THE USUAL COMPLAINT.

Soggy Sidewalks Bring Out Some Sharp Words.

With the beginning of winter comes complaints from all parts of the city about poor sidewalks.

On the north side of Sixth street are several places that need repairing, and one spot on West Market street is such bad condition that pedestrians are compelled to walk in the street in rainy weather. Several pavements in Fifth street should be relaid, and a jaunt around the city will find many more places of a similar nature.

STANWAY WILL QUIT.

Association Football Interferes With His Work.

Joe Stanway, captain of the Rovers, has announced his intention of retiring from the game, owing to the fact that it interferes with his business. Stanway is one of the best players in western Pennsylvania and eastern Ohio, and his retirement will seriously affect the chances of the Rovers winning the championship.

The Twin Cities will practice tomorrow evening for their game with the Vanport eleven.

THOSE VALUABLE LOTS

Of the East End Land Improvement company can be secured at Attorney McGarry's office, Fifth street, at auction prices. See the plat on exhibition. Every lot marked off with blue pencil is a bonafide sale. The first payment is but light, with a payment each month thereafter, such a payment as any mechanic can reach easily. These lots will be very valuable in a short time. Purchase while you can.

Cleaned the Town.

The heavy rains have cleaned some parts of the city very well, and a vast amount of filth has floated down to the river.

The Broadway wharf has been especially favored, and is as clean as if a large force of men had been at work for days. The improvement is appreciated by people who go that way.

GEORGE WASHINGTON'S IDEA.

Representative Women Planning to Establish a National University.

WASHINGTON, Nov. 17.—The oft agitated question of establishing in the city of Washington a great national university on the lines suggested by President Washington has been taken up by a number of representative American women. They have started out to raise the first $250,000 necessary for the erection of an administration building to form the nucleus of the university, and hope to be able to lay the cornerstone on Feb. 22, 1899.

The attention of the women all over the country will be attracted. They intend likewise to interest all the school children in the work. As a first step they will assemble in convention in Washington on Dec. 14 to decide on ways and means for assisting public sentiment. Among those interested are: Mrs. Phoebe Hearst of this city, Mrs. Ellen A. Richardson, Boston; Mrs. Clara Anthony, Miss Rachel Howland, Miss Louise Tincker and Mrs. Edmund Anthony, Jr., Massachusetts; Mrs. I. S. Boyd, Georgia; Mrs. W. A. Roebling, New Jersey; Mrs. John K. Goodloe, Kentucky; Mrs. H. H. Adams, Connecticut; Mrs. C. S. Brice, Ohio; Mrs. Eugene Hale, Mrs. David Starr Jordan, Dr. Charlotte Blake Brown, Mrs. F. S. Hubbard and Mrs. Caroline Jackson of California.

School children will be urged to contribute 1 cent apiece on Washington's birthday.

It has been arranged that the bureau of engraving and printing shall produce certificates which will be given to those who contribute to the movement.

NATIONAL GRANGE OFFICERS.

Aaron Jones of Indiana Made Worthy Master—Others Chosen.

HARRISBURG, Nov. 17.—The national grange has elected these officers:

Worthy master, Aaron Jones, Indiana; overseer, O. H. Hale, New York; lecturer, Alpha, Messer, Vermont; steward, John T. Cox, New Jersey; assistant steward, J. A. Newcombe, Colorado; chaplain, S. O. Bowen, Connecticut; treasurer, Mrs. Eva McDowell, Ohio; secretary, John Trimble, Washington, D. C.; gatekeeper, A. D. Judson, Iowa; ceres, Mrs. Lena M. Messick, Delaware; pomona, Mrs. Sarah G. Baird, Minnesota; flora, Mrs. La Wiggin, Maine; lady assistant, Mrs. Amanda M. Horton, Michigan.

Executive committee, N. J. Bechelder, New Hampshire, re-elected; J. J. Woodman, Michigan, re-elected. Other members of the committee hold over.

An assemblage of the priests of Demeter was colled after the closing of the election, and C. A. Bowen was chosen high priest.

Committees were appointed to escort United States Secretary of Agriculture Wilson and State Secretary of Agriculture Edge before the grange this afternoon, when Secretary Wilson will make an address.

Mrs. McCusker Held Responsible.

CAMDEN, N. J., Nov. 17.—Mrs. Florence McCusker, the wife of Michael McCusker, who was shot at his home in this city last Tuesday, and died the following day, has been held responsible for her husband's death by the coroner's jury. McCusker, in his antemortem statement, accused his wife of having shot with intent to kill, but the woman insists that the shooting was accidental.

Twenty-Five Narrowly Escaped.

NEW YORK, Nov. 17.—The storehouse of the C. A. Woolsey Paint and Color works, in Jersey City, has fallen. Twenty-five people who had been employed in the structure had sufficient warning by the swaying and sagging of the walls to enable them to escape and no one was hurt. The loss to the company will be about $20,000.

Saloonkeepers' Fatal Fight.

LEXINGTON, Ky., Nov. 17.—Merritt Martin, a saloonkeeper and agent for the Chattanooga Brewing company, and J. J. Ryan, also a saloonkeeper, had a terrible fight in the latter's place of business on Main street, as the result of which Ryan is dead and Martin is locked up charged with murder. They had a dispute over an account.

Ex-Judge Hepburn Dead.

CARLISLE, Pa., Nov. 17.—Samuel Hepburn, L.L. D., ex-judge of the Ninth judicial district, has died here, aged 90 years. He was appointed judge of Cumberland, Juniata and Perry counties by Governor Porter, in 1839, being then only 33 years old, and the youngest judge in Pennsylvania.

Football Prohibited at Girard.

PHILADELPHIA, Nov. 17.—President Fetterolf of Girard college has issued an edict against football and henceforth the students of the institution must keep off the gridiron. The ban was the result of a boy having his leg broken during a practice game.

New Conservative Leader.

LONDON, Nov. 17.—Earl Cadogan, the lord lieutenant of Ireland, has been elected president of the National Union of Conservative associations, in succession to the Earl of Derby.

Yellow Fever Record.

NEW ORLEANS, Nov. 17.—Eleven new cases of yellow fever and two deaths.

MOBILE—Four new cases here and four at Whistler. No deaths.

Two Burned to Death.

PLATTSBURG, N. Y., Nov. 17.—Mrs. Terrell and her nephew, Edward Mason, have been burned to death on a farm, a few miles from Peru, this county. A kerosene lamp was upset.

More than 10,000 persons are engaged in the manufacture of explosives in England. Last year 40 persons in the business were killed and 167 injured by accidents.

EIGHT MEMBERS THERE

When the Meeting of Library Directors Began.

NO LECTURES DURING THIS YEAR

The Resignation of Secretary Charles Danberg Was Accepted, Some Bills Were Paid, and the Matter of Meeting Once a Month Was Discussed, But Not Settled.

The library association met in city hall last evening with eight members present.

After the routine business had been transacted J. R. Warner, chairman of the entertainment committee, was called upon. He read several letters from lyceum bureaus, but as no meeting had been held for two months the contents were acted upon. The committee thought of securing DeWitt Talmage to give a lecture, but after a short debate his price, of $350, was thought too high, and it was then finally decided not to hold any entertainments until next year.

The soliciting committee had no report to make, but it was decided to begin a thorough canvass of the city in the interest of the library next Monday.

The resignation of Secretary Danberg was read and accepted. Several bills were paid, and the librarian's salary for two months was also paid. The matter of meeting once a month was discussed, but the meeting adjourned before any final action was taken.

NOT TOO LATE

To Go After the Commissioners For That Money.

"It is not too late to go after the commissioners for the Calcutta road improvement," said a resident who read the article dealing with the matter in last night's NEWS REVIEW.

"Council, if it moves quickly, can land that plum I am sure. The other commissioners got what they asked, and Mr. Bowman is reported as having said that he would stand by the southern end of the county when its claims were presented. That being the case, I think we should with a little work be able to convince them that the contract should be let and everything made ready so that work might begin as soon as the sun shines next spring. It is my opinion that council should push the matter."

THE USUAL COMPLAINT.

Soggy Sidewalks Bring Out Some Sharp Words.

With the beginning of winter comes complaints from all parts of the city about poor sidewalks.

On the north side of Sixth street are several places that need repairing, and one spot on West Market street is such bad condition that pedestrians are compelled to walk in the street in rainy weather. Several pavements in Fifth street should be relaid, and a jaunt around the city will find many more places of a similar nature.

STANWAY WILL QUIT.

Association Football Interferes With His Work.

Joe Stanway, captain of the Rovers, has announced his intention of retiring from the game, owing to the fact that it interferes with his business. Stanway is one of the best players in western Pennsylvania and eastern Ohio, and his retirement will seriously affect the chances of the Rovers winning the championship.

The Twin Cities will practice tomorrow evening for their game with the Vanport eleven.

THOSE VALUABLE LOTS

Of the East End Land Improvement company can be secured at Attorney McGarry's office, Fifth street, at auction prices. See the plat on exhibition. Every lot marked off with blue pencil is a bonafide sale. The first payment is but light, with a payment each month thereafter, such a payment as any mechanic can reach easily. These lots will be very valuable in a short time. Purchase while you can.

Cleaned the Town.

The heavy rains have cleaned some parts of the city very well, and a vast amount of filth has floated down to the river.

The Broadway wharf has been especially favored, and is as clean as if a large force of men had been at work for days. The improvement is appreciated by people who go that way.

LOCAL BREVITIES.

"Lead us not into temptation."

Trades council this evening will meet in regular session.

The paving of College street will be completed tomorrow.

J. A. Smith, for some time a roller at the depot, was transferred to the receiving platform yesterday.

Contractor Ryan is today terracing the property of W. W. Harker and laying a sidewalk in College street.

Two new members last evening were added to the Young Men's Christian association, making a total of 334.

The union prayer meeting at the Young Men's Christian association will be addressed this evening by Rev. O. S. Reed.

The yacht Katie, owned by the Rochester parties who came to this place last Saturday, will return to that city this evening.

The cold wave this morning caused an increase in business at the office of the township trustees, and several families were furnished with coal.

The axle of a wagon, containing a load of broken saggars, broke in Walnut street yesterday afternoon. The contents were scattered in the street.

W. B. Hill and George Davidson left this morning for the Fultman farm, in the northeastern part of the county, where they spent the day hunting.

President Hall said this morning that the new bank would not open until Dec. 1. The delay is caused by the many improvements that are being made in the room.

James Gaston and Miss Ada Gaston, of St. Clair township, will be married at noon tomorrow at the residence of the bride's parents near Clarkson by Rev. W. F. McKee.

The Rovers will not strengthen their team for the game with the Homestead club by engaging out of town players, but will take with them the best team to be found in the city.

This afternoon 100 bushels of oats were received at the fire station. The order was placed some time ago, and the quality is much in advance of that received heretofore.

A special car containing a horse of the Adams Express company was sent from this place to Columbus on the early Pittsburg train. The animal has been replaced by a new one.

Sam Barlow, of Jackson street, was taken to Pittsburg at noon today. He will be placed in St. Francis hospital. He was accompanied by his father and brother, Doctor Hobbs and Chief Johnson.

A resident of Second street imagined a game of poker was being played by several Chinamen in Second street last evening, but before the police were notified an investigation was made. It was found to be a friendly game.

Rev. R. Heber Hoskins, rector of St. Stephen's, has notified the senior warden that he will occupy the pulpit next Sunday. Though far from well the reverend gentleman has so far recovered as to permit of his resuming his labors in the parish.

The change in the location of the office of the deputy tax collectors caused no end of trouble this morning, and many people who went to the Hotel Grand to pay their taxes returned home, thinking the collectors had not yet arrived.

The street force are today filling holes in Jethro street. Yesterday afternoon a board walk was laid to the West End school house for the accommodation of the school children, who, President Peach says, were in danger of drowning in the mud.
